

News From The Mountain Blue J's Nest

Some of y'all have been missing some GREAT RIDES! I'm afraid I ain't the Leader all y'all were looking for as I do not have many followers. Yes, I'm crying in my beer, but then I quit that over 30 years ago.

Anyhow on a more positive note this last month has been very exciting with the rides we've been having. The 2nd we ended up at J Peters in Lavonia, 6th we went to the Twin Dragons in Brevard, NC and we attended Chapter T's "Spring Fling" Fun Day on April 16th.

Chapter J has really made me proud by your participation in the rides, dinners and other events. I feel we have really improved as a Chapter in many areas and I am so proud of all of you. Please keep it up, after all this is what Chapter life is all about: Rides, Fun, Education, Food, Laughter, Good Friends ...did I mention Fun?

Have you checked out Chapter J's website lately? Please  it out. There are pictures, calendars, newsletters and a lot more. Just click here [CHAPTER GA 'J'](#) to check it out.

If any of you would like to volunteer and get involved with helping with the Chapter PLEASE let me know. We have several areas where we could use some help.

Ride Report for April 2nd 2016 Ride

By

Gordon Tomb

Saturdays ride was one of the best yet! Thanks to Kerry & Pat we road south from Ingles in Cleveland and ended up in Toccoa where we'd planned on eating at The Cornerstone Restaurant but we could not get an answer so we kept riding and headed South on 17 to Lavonia, Ga where we ate at J Peters. J Peters turned out to be an excellent restaurant at reasonable prices. After lunch we hit 85 East to SC 11 and returned home via Westminster, SC and RT 441. This ride included 4 bikes 6 trikes and 17 people. I failed to mention, Jack joined us with his new bike! Welcome back Jack! Thanks to everyone who road with us.

Gordon

[Go to Your Chapter website to view pictures from this ride.](#)

Mystery Ride April 6th, 2016

Twin Dragons

We gathered at the CITCO station in Young Harris for our sort of regular Wednesday ride. Iris and I were the first to arrive (we are usually last) followed by Jack Gottlieb. Unfortunately Jack decided not to go on the ride because the day was cold and windy. You made the right decision Jack. The temperature did not get above 56 degrees and it was cold and windy the entire trip. Jack has a really nice CTX 700, but it does not offer the same wind protection that big bikes do.

We left CITGO with 15 riders/co-riders on 5 trikes and 4 bikes. Our destination was the "Twin Dragons Chinese Restaurant" in Brevard NC. This is a Buffet style restaurant, all you can eat, and several people in the group commented that the quality of the food has improved substantially. Iris and I felt that the quality of the Sushi is so much better that we are going to try it again soon, hopefully during better weather.

We left around 10:00 am and headed east on US 76 to Clayton. We stopped at the BP station for our first and only break. Then we continued east on Warwoman RD to GA. 28 N, and followed GA. 28 N to US 64 E all the way to the restaurant. The trip took about three long hours due to construction, traffic, etc, but it was worth it.

We left the restaurant around 2:15 pm, and split into two different groups each going different ways coming home. There were two bikes and six trikes on the ride with a total of 15 people.

A special thanks to ALL who rode with us.

Nestor Morin

And can you believe it?!?! I can't find my pictures and I KNOW I had some. If I ever find them I'll add them next month or here if I find them in time.

News From The Mountain Blue J's Nest

Dinner Ride, April 14th, 2016

By

Dave & Judy Hurd

Check out the picture on Page one! Lookie what you could have had. Anyhow, we were to meet at the Hiawassee Citgo Station @ 5:00 PM right? There were 3 bikes, 1 trike, and one auto there waiting to go to The Motor Company Grill in Franklin, NC. Those that weren't there missed a good one on me. He, He.

I was going to ride over from home to meet with them and lead them over. As I was leaving Judy told me I'd better keep moving as it was going to take a bit to go and bring them back. On my way out the door, Judy again mentioned it was a bit further from Blairsville to Franklin and I better keep moving. Anyhow that was the last I "Hurd" as I was leaving. Yup! You guessed it right, because you just got through reading what was up above here. I headed to Blairsville Marathon w/o looking at the Hiawassee Citgo as I went around the corner. Guess who watched me go around?

Anyhow, I went to Blairsville and saw NO ONE! My heart fell through my boot bottoms so I filled up the tank and shot back to Hiawassee and THERE THEY WERE. We made it to The Motor Company Grill on time and EVERYONE had a SUPER MEAL! Just ask them.

The weather was really nice although the sky in Franklin looked very ominous. We had a total of 15 enjoying their meals. I didn't follow/lead them back as everyone was afraid of where they might end up. I had about a 200 mile ride but then

Judy's version:

The meeting place was set for a ride to the Motor Company grill in Franklin. Our fearless leader listened to his wife and went to Blairsville right past the Citgo station in Hiawassee where we were meeting! He did get to Blairsville, but realized the error, turned his trusty steed around and met up with the group. They all headed on out to Franklin. It was a beautiful evening for a ride with the temp around 70. There were 17 all together with some heading out in their cars but many on their bikes.

The fare was great and the conversation enlightening! Our server, Stephanie, did a superb job. Her name is Stephanie, Gordon. He is such a flirt!

We had two guests of Roger and Dottie's. They are part of the Jeep crew. If you were not there you missed a great time. A ride was planned and I hope that y'all will come along.

I forgot to take pictures once again. Me Bad or do I need some HELP?

News From The Mountain Blue J's Nest

Ride Report for April 15th, 2016

By

Dave & Judy

We found out a friend from WAY BACK, something like 20-25 years ago was living in Belton, SC which is South and a bit West of Greenville, SC so guess what? We decided it was once again time for a road trip.

We left our place around 10:20 AM and it was a WONDERFUL day to ride so we took our time and stopped for lunch at Shoney's in Lavonia but there were no I-2 members to be seen.

We puttered around and arrived somewhere around 1:30 PM. Needless to say, Barry had no idea who I was as I still had on my helmet and gear. He did recognize us afterwards though. We had a nice visit and left out around 4:45 PM hoping we'd miss any/all rush hour traffic. We did good and did miss it.

We arrived back home somewhere around 7:00 PM as there was no hurry involved anywhere/anytime. We had about a 200 mile ride. GREAT RIDE!

p.s.

He bought his older brother's car for \$1.00 after his death. Here's a couple of shots.

News From The Mountain Blue J's Nest

Chapter "T's" Fun Day April 16th, 2016

By
Dave & Judy

The weather was nice, 37° when we left home and warmed up to 40° going over the Mountains. Our plan was to leave the Blairsville Marathon at 8:30 AM for the ride to Cleveland to pick up more riders for Chapter "T's" Fun Day, in Commerce, GA. Judy and I arrived first so went in and got a Dunkin Donut for breakfast, YUM!

Shortly afterwards Roger and Dottie showed up and we left out at 8:37 AM, sorry if we left before y'all got there.

The temp in Blairsville was around 55° when we left for Cleveland. Traffic was light and the sky cleared into a BEAUTIFUL CAROLINA BLUE w/no clouds. We arrived in Cleveland around 9:20 AM where we picked up John and Shirley and headed on down. Upon our arrival we found Jeff and Connie already there minding game tables.

I found there were 105 total in attendance for The Fun Day. We weren't fortunate enough to bring back either of the two \$79.00 50/50 drawings or the \$100.00 Grand Prize. Maybe if we'd had a few more we would have had a chance but better luck next time.

The meal was Sloppy Joes, coleslaw, jalapenos, sliced pickles, potato chips, ALL kinds of drinks, and a BUNCH of cookies/brownies/lemon bars for desserts.

We, upon heading back broke off from the rest and followed 441 back up to NC and Roger and Dottie along with John and Shirley headed back 105 towards home.

Total we traveled around 250 miles. Oh, we didn't win the Traveler's Plaque either. BUMMER!

[Go to Your Chapter website to view pictures from this ride.](#)

Ride Report for April 18th, 2016

By
Nestor & Dave

Under a beautiful Carolina Blue sky we left Blairsville, Marathon at 10:00 AM with Nestor Morin leading us to the famous Cherohala Skyway. This was a 'brown-bag' ride with everyone packing a picnic lunch. There were 7 trikes and two bikes. No sooner had we have left the station I heard on the CB radio that Nick's, trike was on fire. Those who had left the station immediately pulled over by Dan's Grill and waited for the problem to be solved. It was electrical and as soon as Nick unplug the connectors everything was OK so ON WITH THE RIDE!! Now to find out what the POP was and how much damage was done.

The route: 129 to Andrews, rest stop at Andrews, continue on 129 N to NC 143 crossing into Tennessee, NC 143 becomes TN-165/Cherohala Skyway. From there we took exit for Bald River Falls and continue past the falls to the first rest and picnic area. After lunch we went back to the falls for pictures etc.

The temperatures were in the 70's with plenty of sunshine. We weren't fortunate enough to see the dogwoods, azaleas, mountain laurel, etc. in bloom but there were plenty of signs that Spring has Sprung.

News From The Mountain Blue J's Nest

We came home via TN-68 which becomes NC-294. The group split with some of us going back to Blairsville via US 129 S and the others following highway 64.

Riders: Leader Nestor Morin, Iris was sick with a cold, Gordon & Sandy Tomb, Jill McDaris, Dave & Judy Hurd, Bill & Barbara Schleicher, and Roger & Dottie LeRoy.

[Go to Your Chapter website to view pictures from this ride.](#)

April 21st-23rd, 2016

Wing Fling, Dalton, GA

By

Dave & Judy

Plans were to meet in Blairsville @ 8:00 AM and head to Georgia's Wing Fling in Dalton, GA. Dottie had to have some tests performed and pre-register for her surgery so Roger and Dottie were unable to meet us there. Judy and I left from Franklin as Roger notified us there wasn't anyone else meeting them there he was aware of.

The skies were somewhat cloudy and temps were around 37° if I remember right. Guess that means I need to write these as soon as I get home or take notes during the ride?

We traveled 64 to 76 right on into Chatsworth where we stopped for lunch then rode on to Dalton. We stopped by the Days Inn and dropped our things off and went on to the Community Center. It was a very nice facility and we were told we'd be there again next year, but in June.

We spent **WAY MORE \$\$\$**s then we should have but we think all the vendors should be back next time due to our support.

ALL y'all that weren't there missed a good Wing Fling, maybe next year. Our Castle & Banner didn't receive any recognition but the COY Basket and the Goodies were a BIG hit.

I videoed the Precession Drill teams and will have to find a way to upload them so y'all can view them.

Heck, all I gotta do is upload to YouTube, maybe I'll do that. [Georgia's Stars and Stripes Precision Drill Team](#) - [How to pick up your bike](#) - [BushTec Precision Drill Team](#).

Roger & Dottie, Gordon & Sandy, Nestor & Iris, Jeff & Connie, Bill & Barb, Terry & Annie, Dick & Diane and her Mom, Nick & Sandy, Dennis & Sue, Jill, and last but not least, Bill M. attended the event. It was GREAT seeing Bill. He's not able to ride where we'd be getting off our machines and going far to see events, etc.

[Go to Your Chapter website to view pictures from this ride.](#)

April 29th, 2016

Spring Fling, Pigeon Forge, TN

By

Nestor

The route: Left CITGO station in Young Harris at 8:00 AM. Followed US 76/GA 515 going east towards Hayesville, and then turned right onto US-64 towards Franklin. Left the Burger King in Franklin at 9:50 AM, followed US-64 E to US-23, and then merged onto US-74 W/US-441 N. We followed US-441 N to the Ramada INN and Convention Center and arrived at around 11:00 AM.

The route back: The plan was to follow US-321 S towards Townsend TN, turn left onto the Foothills Parkway, follow the Foot Hills Parkway to US-129, then turn left on US-129 towards Deals Gap. At Deals

News From The Mountain Blue J's Nest

Gap some of us would follow US-129 S towards Blairsville and the others would go via GA-28 towards Franklin.

Somehow I missed a turn...maybe more than one...and ended up in Cades Coves. Jill McDaris saved the day by getting us out of there with help and directions from a park ranger. "Thank you, Jill!" Not finding my way around was not a total loss because Mother Nature rewarded us with the sighting of a Mama Bear and Four Cubs.

In closure I leave you with some famous quotes: Riding with Nestor "is like a box of chocolates. You never know what you are going to get." That's all I have say about that!

Nestor Morin

April 29th, 2016 Spring Fling, Pigeon Forge, TN

By
Dave's take on the ride

We left the CITGO station in Young Harris with temps at 58° and 2 trikes 1 bike at 8:00 AM with Nestor, Jill, and Jack riding. We rode to Franklin, NC via 64 E where we met Dave & Judy and had a rest stop. We departed Franklin 8:45 and headed on 64 E to 74 W to 441 N/Smokey Mountain Parkway into Pigeon Forge.

The ride through/over the Parkway was downright AWESOME! We stopped at the Top of the World for a rest stop and picture taking. We were amazed at the lack of traffic, riding was SUPER!

Heading on into Pigeon Forge we met up w/Jeff & Connie already at the event. We wandered around the vendors for a bit where Dave & Judy did it AGAIN, they spent more \$\$'s. While there Nestor called and said he was at Cracker Barrel which was right next door and he had a table so we headed on over for some good food.

We left after that leaving Jeff & Connie there where we later found out Jeff was in a Comedy skit with Tommy Martin, Sid Cohen, Garland Dennis, and Ralph Stewart. They WON FIRST PLACE!! WAY TO GO GUYS!

On our departure we followed 321 S taking a scenic tour of Cades Cove where we saw a Mother bear and her cubs. Then we headed back out and took 321 S to Foothills Parkway on to 129 and The Tail of the Dragon. Once there we pulled in for a rest stop and chatted for a while. Nestor asked if anyone wanted to stop along the way for pictures but no one volunteered.

Once we left Deals Gap Judy & I headed on down 28 and home while the rest of the group stayed on 129 and on home. Our high temp during the ride was 83° all in all a wonderful day and a SUPER ride. My guess was around 223 miles logged.

[Go to Your Chapter website to view pictures from this ride.](#)

News From The Mountain Blue J's Nest

MYSTERY RIDE

April 30, 2016

On Saturday, the last day of April, 2016 we had 14 Blue J's on 9 bikes/trikes ride from Blairsville to Pat's Kountry Kitchen in McCaysville, GA for some fine 'home cooked' meals. Some folks ordered breakfast and some selected from the lunch menu. And everyone expressed delight in their tasty meal.

At this point our 'mystery' was further heightened when Pat, the owner, described a dreadful incident that befell her very close neighbor when their young son fell into a swimming pool and nearly drowned. He was oxygen deprived long enough to suffer brain damage and loss of his eyesight. Dave Hurd has sent y'all a message emphasizing the importance of a spaghetti meal that Pat is providing on May 18th to benefit this child. We will be planning a ride to McCaysville on the 18th. Dave has also sent this request for participating in this benefit to GWRRA District Director so we hope to see a large number of Gold Wings at Pat's Kountry Kitchen on May 18th.

Our ride to McCaysville took us on some back roads with glimpses of the Toccoa River. The weather was cloudy with temperatures in the high 70's. Following lunch, we continued through McCaysville, Copperhill, TN and Ducktown, TN where we picked up Hwy. 68. Staying on 68 for a short distance, we turned East on New Stansbury Rd. This scenic two-lane took us into North Carolina. Proceeding North East on some curvy country roads we arrived at the Fields of the Wood, a biblical Theme Park. We proceeded to the top of the hillside on the Southern edge of the Park and visited the site of the International Cross. Also, from this hillside, we get a great view of the rest of the Park.

Judy's Ponderings:

I am never quite sure what to write, but if you have not been out riding your trusty steeds you are definitely missing out. These mountains have so much to offer. I heard one person explain about the difference between being in a car and on a bike. Being in a car is like going to a movie and being on a bike is like being IN the movie. So true. The variations of colors on the leaves, the clouds and sun dancing on the mountains, priceless. We have such a great group to ride with, so come along.

Each month I have posted a recipe and this month Nick George has shared one of his many. Thank you Nick.

Recipe of the Month

Baked Fish in Wine Sauce (submitted by Nick Gorge)

6 servings

1 3# Snapper or Blue fish

1 teaspoon of salt

Freshly ground black pepper

1½ cups of white wine

1 cup of water

3 teaspoons of mild mustard

1½ tablespoons butter melted

Sprinkle the fish inside and out with salt & pepper and place in an oiled baking dish.

Combine next 3 items and pour over fish.

Bake in preheated 350 oven for 40 minutes.

Basting with the liquid. Pour over fish and serve.

News From The Mountain Blue J's Nest

A Chat with Our ACD's:

Well it's certainly been a busy month!

Connie & I have attended the Georgia District Rally & the Tennessee District Rally in Pigeon Forge and at both events we seen some of those distinctive Blue J Chapter shirts! If you missed the Georgia Rally we had a great time in Dalton. The vendor area was filled and everyone seemed to be buying something for their bikes or upgrading apparel. Being new to the Chapter, we enjoyed getting to know the ones who attended.

We also rode down to Chapter T's fun day and had a good time there too. Again, a lot of those Blue J Chapter Shirts in attendance!

We were only able to attend one ride and it was a goodie! All I can tell you is we invaded South Carolina on one of the nicest rides I've ever been on. So I think Chapter J is lucky to have some awesome ride leaders!

I know we're on the go as we'll also miss the May gathering. Connie & I are going on a land and sea cruise that will take place in May so we'll miss out on the special trip to Fort Loudoun.

We'll see you soon as the Bike is undergoing the wrench and becoming a sure footed trike!
Have fun and ride safe,
Jeff

Rider Ed Tracks,

Well, we just returned from a long weekend riding in the Smokey Mountains. I was thrilled to be able to ride the mountains. One of my favorite things to do as a kid was visiting Cherokee NC., Cades Cove and the surrounding areas.

Tourist areas everywhere have gotten congested and challenging to negotiate for the motorcyclist in more ways than one. As a reminder, our own area fills up with the same; we have more cars and even more pedestrians. Doubt it? Just ride through Helen during a summer's day!

As a reminder, tourist season will soon be in full swing so I encourage you to:

- Slowdown in high traffic areas and watch for those pesky darting pedestrians!
- Watch for the lost tourist searching for a place to do a U-turn then pulling back into your lane and or the one cutting across your lane of travel.
- Don't assume the tourist is watching for you. He/she is on vacation and they're looking for the destination after being stuck in the car with all the kids for hours. You remember what that was like, don't you?
- Remember, try to be seen; wear bright clothing, stay away from drivers blind spots, position your bike so it can be seen and identified in traffic.

Hope you all stay safe this tourist season!

Jeff

Also as Ride Educator

We (Jeff & Connie and Judy & I) met with Frank Brothers at Tuckers Country Cooking in Clarksville, GA Thursday the 7th to finalize Jeff's qualifications as Ride Educator. He will be sworn in at Wing Fling later this month, be there to support our New Ride Educator.

Blurbs From Barb: Barb and Bill are heading to Texas to be with their Grandchildren then bring some back. I'm sure they'll need our Prayers, especially after they get back with them.

News From The Mountain Blue J's Nest

Roger & Dottie LeRoy –Ride Coordinator

To All Male Members of GWRRA GA - J,

It is time to start planning for our 2016 Hairy Leg Ride. So, all male members of GA -J were to attend our planning luncheon and meeting at Daniel's Steak House, Hiawassee, GA at noon. Saturday, April 9th (This was our monthly meeting location).

Discussions included finalizing a destination, routes to and from the destination, roads and trails to ride at the destination, dates for the HLR VIII, venues and sites to be visited, accommodations, roommate selection, group riding teams, group leaders/tail gunners and answer any questions.

If there is anyone that is interested in going on HLR VIII and could not make the meeting on the 9th, please contact Roger at info below and we will include you in our planning and send you any pertinent details discussed at the meeting.

April 9, 2016 following our brainstorming session I received this information:

Christ of the Ozarks

HAIRY LEG RIDE VIII – 2016

We had our first organizational meeting for the 2016 Hairy Leg Ride at Daniel's Steak House on Saturday, April 9th. There are 11 Chapter J members signed up to go so far. It was decided our destination will be Eureka Springs, Arkansas and the dates will be Monday, June 20 through Saturday, Jun 25. We have 6 - motorcycles and 5 - trikes going in two groups.

Anyone, (if you don't shave your legs) wanting to join in this fun trip to one of the best riding areas in the South East, please contact Roger LeRoy at 706-781-1046.

News From The Mountain Blue J's Nest

**As y'all can see,
we have room for your articles.**

Send something/anything (well within reason guys) along anytime for your article to be placed in the next month's Newsletter.

Just an off the collar thought, we do have a few positions open for your kind consideration. I know, I don't have anything better to do do I?

I will be contacting someone to fill these positions so be POSITIVE!
(I said that but I still haven't done so yet.)

Newsletter Editor

Qualifications:

Be willing

If I can do it (well attempt to) I'll help you get started

Motorist Awareness Coordinator

Qualifications:

Be willing

I'll find out what all this position entails and will report back next month.
